

ENGL 203

Spring 2022

Wikipedia Presentation: Collaborative Report

Directions:

For this assignment, you will create a 1-2 page report reflecting on the Wikipedia presentation you just completed. This should be 12 point, double-spaced, Times New Roman font and answer the following questions:

- Which group role were you assigned? What did you do to fulfill that role?
- What exactly did *you* do? When? How long did it take?
- What grade do you think *you* deserve? What grade do you think *your group* deserves? What leads you to this decision?
- On a scale of 1-5, five being most positive, how would you rate your group work experience? Explain why.
- What were your fellow group members' roles? Comment on each of their contributions to the project individually.
- Did you encounter any issues with any group members? If so, how did you resolve them?
- Do you prefer to or to not work with any particular group members in the future? Elaborate as much or as little as you'd like.

Due Date: Feb. 4
