

Midterm Interview

During midterm week, you must come to my office for a short midterm interview. The interview:

- Will be 5 to 10 minutes long.
- Will consist of 3 to 5 questions, many of which will be general, but a few of which will be taken from the book or forum topics.

During the interview:

- You will have 30 seconds to think before answering the question.
- You must answer the questions fully, not simply answer “yes” or “no” or give a one or two sentence response. You must also answer “how” and/or “why” about the question you are presented.

Your answers should:

- Be about 1-2 minutes long.
- Give not only the simple answer, but also further details about the topic, including examples and reasons.
- Pay close attention to the question asked. Try to stay on topic and not answer a question that wasn't given.
- Be clear. It's important that I can understand your ideas.

You will be graded on:

- Attention paid to the question
- Clarity
- Completeness
- Confidence

The interviews will be held during midterms week: April 20th-23rd. You only need to come during your scheduled appointment time and do not need to come any other day or time during that week. You must be on time you will lose one point from your score for every minute you are late. It's a good idea to come early just to be safe.
