

Group Vacation Presentation

In groups of 3 or 4 students, plan a one-week-long vacation for the class. The presentations should be between 20 and 30 minutes long and should:

- Tell when and where we would go on vacation.
- Tell how much each part of the vacation would cost.
- Tell what interesting sites and activities we would do or see during the vacation.
- Tell us any extra information that would be interesting about the vacation (including interesting facts about the destination).
- Show any pictures, posters, or other props that might be relevant.

Students should:

- Speak only in English during the presentation.
- Try to each speak for approximately the same amount of time.
- Prepare well outside of class and during class-time given for preparation.

Presentations will be given on Wednesday, July 25th during class time. After all groups have given their presentations, we will vote as a class which vacation is the best one. I will pay for the winning team's lunch when we go out to eat together on Friday, July 27th (all other students will have to pay for themselves).
